At your initial consultation, please bring any relevant test results and ultrasound reports as well as the referral from your GP. If you do not have a current referral you will not be able to claim a rebate for your consultation from Medicare.

Your first visit will be a long consultation (Item 104) approximately 45 minutes to 1 hour with payment required at the end of the consultation. No rebate from your Private Health Fund is applicable for visits in the doctor's surgery; however the Medicare Safety Net will result in you receiving an a partial refund of gap charges in addition to the standard Medicare rebate once you have reached your threshold in a calendar year.
